What You Buy With
WAR BONDS

Military motorcycles, for couriers, for speeding light guns from one section to another, are an important part of America's mechanized army. Many are equipped with sidecars for use of staff officers. They cost from $400 to $450.

We need thousands of these small maneuverable machines in our Army today. You and your neighbors, all buying War Bonds and Stamps, can help buy them for the Army. Invest *at least* ten percent of your income every payday in War Bonds and Stamps and become a member of the patriotic "Ten Percent Club." It is rapidly becoming the largest club in the world.

TICKETS NOW ON SALE FOR LEGION'S MIDNIGHT BENEFIT SHOW AT NILES

A week from Saturday night, on November 7 the Niles Theatre will present a special midnight show, sponsored by Washington Township Post of the American Legion, and its auxiliary, the full proceeds of which will go tward helping the wounded and orphans of this war.

These midnight shows are being put on throughout the state to raise $200,000 or more for the Legion's rehabilitation program, which it has conducted for the past 25 years.

Backed by 25years of experience in child welfare and rehabilitation work, the Legion, with 5,000 active workers continually in the field, will devote at least half of the proceeds of the shows for rehabilitation of veterans of the present war, and for care of children of these veterans; the other half to be used for welfare work by the local Posts.

Members of the Township Women's Auxiliary will soon be on duty in the lobby of the Niles theatre selling tickets to the show. The price is 50c and 5c tax. Manager W. J. Helm has kindly donated the use of his theatre and the show will start shortly after 12:15 a.m.

The feature picture, which will be an advance of a top-notch film, is being donated by the Fox West Coast Theatres who's president, Charles P. Skouras, fathered the idea for these shows being put on by about 300 California theatres.

Tickets may now be had from all the women of the Auxiliary and all the members of the Post as well as at the theatre.

The Township Child Welfare club has also offered its endorsement to this charitable project and tickets may be had from its president, Mrs. L. E. Bailey at Centerville, and from members of the club.

The Niles Chamber of commerce recently passed the following resolution:

WHEREAS: The American Legion Post of this community, together will all Posts in the State of California, will conduct a midnight show on Saturday, November 7, for the purpose of raising funds to carry on the Child Welfare and Rehabilitation work of the American Legion; and

WHEREAS: the funds expended will be utilized for the Rehabilitation and Child Welfare work not only for veterans of the last war but also for veterans of this war, their widows, children and orphans.

NOW, THEREFORE, BE IT RESOLVED that the citizens of this community give full support to the November 7th midnight show and show their evidence of backing this splendid program of the American Legion by purchasing tickets to the show at the Niles Theatre.

Walter Waynflete is general chairman of this project, assisted by A. M. Hallstrom and Frank Veit for the Legion; Mrs. Nell Myers, Mrs. Rose Vieux and Mrs. Theresa Swartz for the Auxiliary.

TOYON BRANCH PICKS UP 4½ TONS OF SCRAP

The Victory Scrap Metal drive put on for the Toyon Branch of the Children's Hospital of the East Bay Saturday afternoon at Niles yielded an even 9 000 pounds. The principal weight was derived from the two old cannon which were towed to the steel mill by E. E. Dias and Clarence Crane.

The cannon weighed 2100 pounds each and a check for just under $60 was delivered on Monday to Mrs. James R. Whipple, chairman of the Toyon Branch.

E. E. Meeker took out over a ton of scrap from the Pacific Coast Aggregates plant at Niles, the proceeds of which were turned over to Mrs. Whipple.

A truck donated by the Edenvale Nursery, driven by Jose Torres made a number of calls throughout the district. It was manned by Charlie Field, Fred Duffie and Walter Waynflete.

The next drive in this district will be put on by the men of the Niles Congregational Church on Saturday, November 7. Parties wishing to contribute may dump their metal in the rear of The Township Register. The Kimber Poultry Farm sent up some metal to start the new pile last Saturday afternoon.

ROTARY CLUB TO WELCOME DISTRICT GOVERNOR

The Rotary Club of Niles on Thursday, November 5th will welcome Mr. Rilea W. Doe, Governor of District 105 of Rotary International which includes 48 Rotary Clubs in California and Nevada. Rilea W. Doe

April and was formally elected at the 1942 convention of Rotary International in Toronto, Canada, in June.

Mr. Doe will visit the Rotary Club to advise and assist President Chick Burdick, Secretary Ed Enos, and the committeemen of the club on matters pertaining to club administration and Rotary service activities.

Governor Doe will hold office until shortly following the 1943 convention of Rotary International which is scheduled for Philadelphia, Penna., next June.

SECOND GOOD RAIN

The second good wetting of the season occurred locally on Tuesday night, when .53 of an inch fell in the Southern Pacific rain gauge (and elsewhere.) This, added to the .85 recorded on October 11 makes 1.38 of an inch of rainfall to Wednesday of this week.

FIRST CHURCH WHIST PARTY IS SUCCESSFUL

The first of three public whist parties being put on by the Niles Congregational Curch in the Guildrooms was held Monday night with nearly 100 persons there and it was highly successful.

Mrs. Dan Marble won high score for ladies and Leon Solon high score for men. Bain Leask was general chairman assisted by Mrs. Loren Mohn, Mrs. Nell Myers, Fred Duffie and Reverend D. Q. Grabill. Walter Waynflete was in charge of the exchequer.

The second party will be held next Monday instead of Tuesday, because Tuesday is election day. The committee asks that the players come as nearly at 8 as they can so play can start promptly.

The person who attends all three parties and rolls up the highest total score will receive a $25 war bond. Single admissions may be purchased at the door and a number of good awards are disposed of each week. Come and bring your friends.

NILES WOMEN ARE ASKED TO BAKE COOKIES FOR SOLDIERS

How many ladies of the Niles district will bake three dozen cookies once a month to be delivered to nearby U.S.O. huts?

Local housekeepers who want to do this bit of service for men in service are asked to give their names to Mrs. W. A. Baldwin at Box 186, Niles or phone her at Niles 3482, and they will receive further information.

The date for their first cookie bake has been set for Friday, November 6 and cookies are to be brought in shallow boxes to the New City Market that morning. Mrs. Baldwin will arrange to have them sent to the U.S.O. huts at Hayward or Livermore or elsewhere in the East Bay district.

There are now 2,000 women working in the East Bay Cookie Brigade and the list is constantly growing. Women who wish to join this patriotic activity but who are short on sugar will be given recipe where honey or syrup can be used.

Mrs. Baldwin hopes to extend this activity to other communities in the Township as soon as "Cookie Captains" and receiving depots can be arranged.

SERVICES HELD WEDNESDAY FOR LATE WARD CRANE

Funeral services were held Wednesday at the Berge Mortuary in Niles for the late Ward Crane, who was born 64 years ago in Livermore and passed away on Sunday at the Hayward Hospital following a stroke suffered a week ago Tuesday.

He is survived by his widow, Abby M. Crane and was a member of the Odd Fellows Lodge. He was buried in the family plot at Livermore.

PUBLIC URGED TO WATCH OUT FOR SABOTEURS

Constant unrelaxed vigilance against possible sabotage attempts in the Western Theatre of Operations was ordered yesterday by Lieutenant General J. L. DeWitt, Commanding the Western Defense Command and Fourth Army.

General DeWitt called attention to the likelihood of enemy operations against this coast through attempted landings of saboteurs or fifth-column activities.

"We cannot be too vigilant or tirless in our efforts to detect the landing of enemy agents on the PACIFIC COAST", General DeWitt declared. "Our enemies know of the extensive coast line of the states of Oregon, Washington, and California. It is entirely probable that they will attempt to land saboteurs somewhere along this coast line, possibly, although not necessarily, at some sparsely populated point. As the war progresses and our production of war materials increases, our enemies are certain to increase their attempts at sabotage. For that reason it is necessary that our citizens, especially those living in rural areas directly on the water front, be on guard at all times and report the presence of persons under suspicion without delay".

Few restrictions have been placed on the use of beaches by civilians in order to allow the greatest amount of recreation possible. Civilians who utilize the beaches for pleasure, as well as business establishments of all character that are located on the beaches, should consider themselves and their establishments as volunteer watchers and reporters of any suspicious persons or incidents.

General DeWitt urged civilians to report to the nearest Army Headquarters, immediately, the presence of any such persons or incidents, adding "Time is an important element. Delay in reporting suspicious persons or incidents may so handicap military authorities as to prevent interception of enemy agents before they have reached the comparative safety of the interior."

REUNION HELD FOR 3 SOLDIERS

IRVINGTON — A family reunion in honor of three members now in the Army was held at the home of Mr. and Mrs. Manuel Raymond recently.

George Caldeira, former postoffice employee at Hayward, left that day as a volunteer for assignment to duty at Monterey. Home on leave for the occasion were Le Roy Raymond, staff sergeant at Camp Roberts, and Pvt. Rudolph Frates, son of Manuel Frates, gardener at the Washington Union High school. Frates is on M.P. duty at Turlock. Both he and Caldeira are uncles of Sergeant Raymond.

How to make Hallowe'en more fun

for youngsters and grown-ups, too

October 31, the eve of All Saints' Day reminds you of cider and doughnuts, witches, and Jack-o'-lanterns, and spells a Hallowe'en party to Americans of all ages. To fit into almost any Hallowe'en party scheme, Safeway's Homemakers Bureau has planned a 1942-style buffet supper menu with table decorations and a recipe that should appeal to children and adults alike.

HALLOWE'EN BUFFET

Piping-hot Spaghetti-Meat-Cheese Casserole
(Your favorite combination)
**Pumpkin Coach Salad Centerpiece*
Buttered French Bread and Rye Bread
Assorted Relishes
Home-baked Pumpkin Pie
Coffee *Apple Cider*

PUMPKIN COACH SALAD CENTERPIECE: Combine equal parts diced unpeeled red cooking apples, shredded cabbage, and shredded carrots, with 2 medium-sized celery stalks, finely sliced, and 2 to 3 finely chopped sweet pickles. Mix with enough sour cream salad dressing to moisten. Toss lightly to mix. Serve in hollowed pumpkin shell lined with crisp lettuce leaves. Serves 6 to 8.

To Carry Out Coach Idea: Attach black cardboard wheels to pumpkin coach; have it drawn by catnip mice guided by strips of crepe paper or ribbons for reins, and driven by a cardboard witch or black cat, along a black crepe paper road across tablecloth.

OTHER DECORATIONS: You may want paper napkins and place cards to suggest Hallowe'en, and candlelight is both decorative and appropriate.

FOR ADULTS: Don't make too detailed entertainment plans. Bridge or gin rummy may be more popular with adults than Hallowe'en games, so let guests decide for themselves.

FOR CHILDREN: Bobbing-for-apples, ghost story contests, and fortune telling are traditional Hallowe'en games children will probably expect. A variation of an old game that's guaranteed fun is to blindfold guests and let them try to pin a witch or black cat onto a broomstick. This is the Hallowe'en version of pinning the tail on a donkey.

What You Buy With WAR BONDS

When the American Expeditionary Force landed in Ireland recently newspapers reported the citizenry remarked at the similarity of the steel helmets worn by our boys with those worn by German troops. These steel hats are protection from shrapnel fragments and other light missiles. We need thousands of them for they are a regular issue to every American soldier.

A smart strap fastens under the chin and they are padded for comfort. One steel helmet costs $5 so every time you fill a $5 stamp book you are buying protection for an American soldier. Invest at least ten percent of your income in War Bonds every pay day. Help your community reach its War Bond Quota. *U. S. Treasury Department*

"HARDY" SERIES "LUCKY" FOR YOUNG ACTRESSES

A horseshoe surrounded by four-leaf clovers and rabbits' feet has nothing on Andy Hardy when it comes to Hollywood luck.

The reputation of the Hardy family pictures as a showcase for young actresses is rapidly becoming a legend in Hollywood, but never has it shown to better advantage than in Metro-Goldwyn-Mayer's "Grand Central Murder," playing Friday and Saturday at the Niles Theatre.

The mystery drama features three important feminine roles—and picked to play them were Patricia Dane, Virginia Grey and Cecilia Parker. All three have climbed to screen fame after boosts in Hardy pictures.

Both Patricia and Virginia graduated into leading roles after appearing as "romantic interludes" in Andy 's life. Pat in "Life Begins for Andy Hardy" and Virginia in "The Hardy's Ride High."

Cecilia is known wherever the Hardy pictures are shown as Andy's sister, Marian. "Grand Central Murder" is her first appearance out of the series in more than three years.

VOTE "YES" TO OUTLAW HOT CARGO PRACTICE

SAN FRANCISCO — State Senator W. P. Rich, of Marysville, today issued a stirring appeal to California voters to outlaw "Hot Cargo" and the Secondary Boycott for the duration of the war.

Senator Rich stated that this result could be attained only by voting "YES" on Proposition No. 1 on November 3rd.

Proposition No. 1 was placed on the ballot by referendum. A "YES" vote is required to ratify the law enacted by the Legislature at its last session by a better than two-thirds majority. In the Senate the vote was 33 to 5, in the Assembly 54 to 26.

"Proposition No. 1, the 'Hot Cargo' and Secondary Boycott law, is a patriotic wartime measure which will defend the right of every man to honest employment by prohibiting labor dictators from forcing workers who have no quarrel with their employers to quit work because of some remote dispute about which those workers know nothing," declared Senator Rich.

Senator Rich said the law had been enacted after the Legislature had become firmly convinced by long and thorough study that it would not interfere in any way with the practices or precepts of legitimate trade unionism.

"But," continued the Senator, "this bill does outlaw for the duration of the war an 'unsound weapon' which is 'nothing but a racket.'

"These activities will be declared unlawful for the duration under the 'Hot Cargo' and Secondary Boycott law which labor leaders' intoxicated with power are now trying to repeal.

"If honest labor's pledge to refrain from work stoppages during the war emergency is kept, this law need never be invoked. If such pledges are not kept, this law should be, MUST BE, available.

"I strongly urge Californians to vote "YES" on Proposition No. 1 on November 3rd."

SENATOR BREED HAS LONG LIST OF ACHIEVEMENTS

State Senator Arthur H. Breed, Jr. representing all of Alameda County and seeking re-election at the General Election on November 3, has one of the most impressive records ever made by a Legislator. His entire efforts and activities toward the ultimate benefit, protection and progress of the citizens of the State. While it has been the voters of Alameda County who have re-elected Senator Breed three times to the Lgislature in the past eight years, his sound and sincere ability and leadership have been recognized by the citizens of the entire State of California. This fact is proven by the many endorsements received by Senator Breed from state wide business and civic organizations and individual leaders.

On the matter of taxes, Senator Breed led the fight which saved the taxpayers 139 millions and paid off an 82 million dollar deficit. He has proposed, through the Joint Legislative Tax Committee, reductions in State taxes to help offset increased Federal taxes.

In war effort and defense his record is outstanding. He spearheaded the act, now law, which throttled the Japanese Fishing fleet before Pearl Harbor, which was a direct menace to our Navy and California coast. He also introduced the Anti-Sabotage Law, in January 1941. As chairman of the Northern California State Committee, set up to ascertain the Civilian Defense needs of cities and rural districts, he has held public hearings and will present the facts to the next Legislature.

In assisting and working with Labor, he helped kill the vicious anti-closed shop proposal and co-authored the bill improving waterfront conditions and establishing a central pay office for workers.

The workable old-age pension plan proposed by the Fraternal Order of Eagles, was and still is sponsored by Senator Breed, and at the same time he is working for the Teachers Retirement Pension Plan.

Altogether, it is a proud and remarkable record upon which Senator Arthur H. Breed, Jr. seeks re-election. Economy-minded, defense-minded and progressive-minded, he is truly a representative of the people.

REBEKAHS TO MEET

Next regular meeting of the Niles Rebekah Lodge will be held Friday evening, November 6. First nomination of officers for coming term will be held. In charge of the social hour are Mary Barnard, Iva Marble, and Ivy Cull.

MEN'S CLUB AT NILES ENJOYS ARTS OF MAGIC

The October dinner meeting of the Men's Fellowship club was held in the Guildrooms of the Niles Congregational Church on Wednesday evening, October 21, with 12 members and one guest present. The usual fine dinner was enjoyed, prepared by Mrs. J. W. Myers and Mrs. D. Q. Grabill. President Ted Glassbrook presided and rapped out the orders as usual.

Secretary Walter Waynflete read the minutes of the September meeting as printed in The Township Register, which aroused comment no end. The secretary pointed out not every club could afford to have its minutes artistically printed free fur nuthin'.

Carleton Brown led the community singing and favored with a solo. Bain Leask got up and "sold" the forthcoming series of card parties and the club voted $6.25 from its meager treasury, over the despairing protests of the swooning treasurer, as its one-third share of buying the $25 War Bond to be put up at the party.

— Sheriff Speaks

Carleton asked the members to hear Sheriff Gleason speak on Saboteurs and their Detection the coming Monday night at the Public Affairs class at the high school.

Dee Dias, chairman of the nominating committee got up and said the incumbent officers had done such a miserable job during the past year there was nothing for it to do but give then another year's term in which to redeem themselves. (Faint yelps from chairman Ted and Secretreas. W.W.) Fred Duffie was voted in as vice-president to complete the suffering trio. The club made it unanimous.

Tom Wilson was named program chairman for the next meeting on Monday night, November 9 (and he didn't seem to like the job!)

Duffie as program chairman then introduced Magician Ben Olson, who put on his full bag of tricks. He made a rabbit appear where a rabbit should not be, ran rings around Fred Duffie, gave Dan Marble a severe case of green snakes, filled a newspaper cone with evaporated milk (that adjective just fits); gave the men some pointers on the old Army shell game; bounced a wooden block from a wooden box into an opry hat, pulled silk hankies out of a hollow (?) cylinder and finished by turning rubber balls into lemons.

— Using His Talents

The sheriff's office where he works no doubt has him on the rubber check detail.

Reverend Jackson Webster of Newark then entertained the club with a highly instructive and entertaining quiz talk on Alaska, where he had lived for 12 delightful years. He finished his talk by predicting that after this war ends, the military roads now being built will enable a person to make a 20,000 mile jaunt in an automobile from the southern tip of South America, through Mexico and the United States to Alaska; across the narrow and shallow Bering Straits either by ferry boat or bridge, then through Siberia, Asia, Europe, across the Suez isthmus into Africa, and on through Africa to the Cape of Good Hope.

We will have to have more rubber and gasoline before we can take such a trip, he said in closing.

MOTORCYCLE RIDER THROWN AT MISSION

MISSION — Sunday morning at 1:40 there was a terrible roar in front of the old Mission and the town folks were aroused from their beds and some who were still up ran out to see what was wrong. John Faria of Durham Road had apparently slid as he was making the turn and the motorcycle he was riding slid clear across the highway into the cement in front of the Mission.

Johnnie was thrown from the cycle and was unconcious when they got to him. The Berge Ambulance was called and he was taken to the Fairmont Hospital for emergency treatment. He suffered a broken nose and severe cuts about the face. He returned home Monday. The motor is a wreck.

Alameda County Taxpayers Assn. Recommends Adoption of Alameda County Charter Amendment No. 1

The salary of the Board of Supervisors was set in 1926 as compensation for part time services.

During the past sixteen years Alameda County has grown and its problems so multiplied that the full time of a supervisor is now required.

To guarantee the continuance of good government in Alameda County it is important that the compensation shall be comparable to lowest salary paid any elective county official thereby assuring men of high caliber in this important position.

The law does not permit the incumbent supervisors to receive the increase in salary during their present terms of office.

The board of directors of the Alameda County Taxpayers Association at a regular meeting held at the Hotel Oakland, October 16, 1942, unanimously endorsed and recommended the adoption of this amendment.

Vote Yes on Alameda County Charter Amendment No. 1.

DUGAN PLANS TO OPEN OFFICES IF ELECTED

(Special to the Register)

George J. Dugan Jr. of East Oakland asks for the vote of Washington Township citizens to elect him to represent them in the California Assembly.

The two losers at the primary, W. C. Wallace and Ray Fisher have both given Mr. Dugan's candidacy their unqualified support and they ask those who voted for them at the primaries to cast their vote next Tuesday for Mr. Dugan.

Mr. Dugan told this newspaper that if elected he will open an office in Centerville and another in Livermore, where he can be found on certain days each month. There residents of Southern Alameda County may bring him their problems and discuss matters concerning their own welfare with him.

It is his desire to give personal representation to the business and farm needs of residents of this end of the county.

THE WORKER IS ON THE SPOT

The man who is personally on the spot in the "hot cargo" issue is the patriotic union man who is doing his best to make every hour of work count toward victory on the industrial front in this war.

The Hot Cargo and Secondary Boycott bill was passed by the Legislature as a war measure, valid only for the duration of the war emegency period, to preclude stoppages of production and intereference with the handling and delivery of vital materials. Many responsible labor leaders, realizing the danger of such extreme labor weapons in the hands of irresponsible or even subversive hotheads, have voluntarily pledged themselves to abandon their use for the duration.

But now, through the referendum of Proposition One, a minority of men in union power are seeking to prevent the Hot Cargo and Secondary Boycott bill from taking effect as law. Should they succeed, they would not only place critical war production in jeopardy, but would put the overwhelming majority of patriotic workers, who are proud of their service as soldiers of production, and proud of the Army and Navy "E" flags flying over many of their plants, squarely on the spot.

Imagine the case of a worker engaged in transporting ammunition that may be used by his own son fighting under Mac Arthur, being told to walk off the job because some minor labor czar decides the material is "hot cargo"! There is no excuse whatever, while the nation fights for its life, for situations where a worker's patriotism is arbitrarily placed in conflict with his loyalty to his **union.**

If the Hot Cargo and Secondary Boycott law is upheld by a heavy majority on November 3, which seems highly probable, this victory for labor harmony in war-time production will be gained in large part because thousands of California workers, resentful at being so unfairly put on the spot, will vote an emphatic "Yes" on Proposition One.

THREE DOTS AND A DASH

And here's an idea whereby every motorists can help enforce the 35 mile an hour speed limit:

When you are driving at the maximum limit of 35 miles an hour and some motorist swoops by you at a speed considerably in advance of the legal limit, tap your horn lightly three times for the three dots of "V for Victory" in the Morse code, then hold it down for a good blast to represent the dash.

If enough motorists blow their horns at fast drivers they will soon get tired of hearing horns blown at them and will slow down.

Thus far ration boards have been sent the names of 2900 speeders throughout the state, who will probably be denied their gas rationing books when registration takes place on November 9.

There simply is no way to beat the speed limit and gas ration game — if you want to call it that.

VOTE NEXT TUESDAY ELECT EARL WARREN

It would not be difficult to list quickly one hundred sound and sensible reasons why California should sweep Earl Warren into the Governor's chair next Tuesday—and sweep away the last vestige of Olsonism.

One reason alone suffices. Earl Warren's election spells an end to the disunity that is all but wrecking our State government. With Warren harmony, deeds and faith will step in. Discord and misdeeds will be thrust out. California's painful, obnoxious and bitter political illness will at last be cured.

Culbert L. Olson is a synonym for strife. He has quarreled continually with the legislature **which you elected.** He has quarreled with the press. He has quarreled with his own appointees—with everyone who did not bow meekly to his intractable will. To the average citizen that in normal times is repugnant enough. In this war crisis it is intolerable. Nearly one year has slipped away since Pearl Harbor and still the same bitterness and selfish political purpose marks every act of Culbert L. Olson. He has demonstrated that even in wartime he is the political leopard that can not change its spots. He has had every chance and has proved he cannot do California's job. California cannot possibly endure four more stormy years of Olsonism.

On the other hand Earl Warren has never failed in any task assigned him. He has every faculty a competent governor needs. . . tolerance, administrative ability, integrity, personality, honesty and the capacity to get along with everyone. When Earl Warren says that on the day he takes office he will become everybody's governor we believe him. Earl Warren is big enough to be just that.

FRANCIS DUNN SAYS AGRICULTURE IS A WAR INDUSTRY

Declaring his belief in the theory of "taxation in accordance with ability to pay" Francis Dunn Jr., candidate for the Assembly in the Thirteenth District to-day stated: "Taxes for purposes not essential to the war effort must be curtailed. I advocate relief for county taxpayers by absorption of the county payments to Old-Age Pensioners by the state.

Elimination of the Sales tax on restaurant meals, clothing, tools, and farm implements.

Retention of the state income tax law with reductions consistent wtih the need for a reasonable surplus to meet post-war emergencies. With immediate planning to meet such emergencies when they arise.

"It is essential" "continued Dunn" that agriculture be fully recognized as a war industry. With full co-operation of the State Department of Education in a training program designed to replace men drafted or leaving the farms for better paying jobs.

Moreover to keep farmers and farm workers on their jobs-which they do best—the Federal Government should subsidize farm income where necessary, both to meet high wage competition and to maintain the price ceiling.

I urge the passage of H. R. 5336. as advocated by Vice-President Wallace to extend the benefits of low interest rates on farm debts to the 75% of California farmers unable to qualify under the present law.

Dunn, who is in the painting business is supported in his campaign by many farmer-business- and labor groups as well as by improvement clubs and pension organizations, who recognize the need in Sacramento of Legislators who represent the producers rather than the middlemen.

Margaret Berchem celebrated her birthday Tuesday by entertaining several of her friends at a luncheon at her home.

DEMOCRATIC RALLY BEHIND WARREN GROWS

Four Hundred Thousand Bourbon Votes At Primary Will Show Huge General Election Gain

Attorney General's Strength On Increase As Day For Final Decision Of Voters Nears

The phenomenal primary support of regular Democrats—nearly a half-million of them, according to official tabulation—given Earl Warren, the non-partisan candidate for Governor, promises to mount to an even higher figure at the November general election, present trends indicate.

Democrats in every section of the State have joined the Warren march to the war-time governorship of California under the banner, "Leadership—not Politics!"

Warren has pledged full co-operation with President Roosevelt in his win-the-war efforts, and Warren Democrats everywhere point out that the President has himself set an example of non-partisan executive leadership in naming many men of the opposite party to positions of responsibility in his administration.

Gordon H. Garland, Democratic leader and Speaker of the State Assembly, is one of the keynoters urging the election of Earl Warren, as also is Henry Meehan, 10 years a member of the State Assembly, and former Democratic speaker pro-tem of the Lower House, Meehan says:

"Democrats, in electing Warren will be naming as Governor a better Democrat than his opponent, because Earl Warren's record in public office is one of steadfast adherence to the fundamental principles of the Democratic form of government on which this country was founded."

DEMOCRATS CAST YOUR VOTE ON NOV. 3 FOR EARL WARREN FOR GOVERNOR!

SPERBECK VICTORY PREDICTED

Farmers, Labor, Business And Professional Men Support Incumbent

* * *

Straw ballots taken in an attempt to forecast the probable results of the November 3rd election indicate that Ivan C. Sperbeck, incumbent candidate for the State Board of Equalization from the 2nd District, of which this county is a part will win from his "back-door" opponent by an overwhelming majority.

The results indicate that the voters resent the shady efforts of the "special interests" to defy the will of the people, as expressed through the primary ballot, and force a candidate on them who has been twice defeated by his own county while seeking election as coroner.... this opportunist whose sole qualification for one of the most important administrative posts in the entire state government is his ambition to be elected to some job, any job, any time.

Newspapers and citizens throughout the state have condemned the "back-door" method of placing a candidate on the November 3rd ballot whose name was not on the primary ticket.

They point out that any qualified citizen could run in the primaries when the people, not the political bosses, name the candidates who are to appear on the final ballot. This is democracy!

They are asking why Sperbeck's opponent was not then a candidate.

Sperbeck is the only candidate now seeking election to the State Board of Equalization whose name did appear on the primary ballot.

He won the election at that time.

Interestes seeking control of the Board would not abide by the result of the ballot and are attempting to defeat Sperbeck.

A graduate of the University of California, member of the State Bar Association, widely experienced in the administration of important state offices, and present member of the Board of Equalization, representing this district, Sperbeck has been endorsed as eminently qualified for the post by labor, business, farm leaders, professional men, and members of the Board.

Indications are that the people, everywhere are going to the polls on November 3rd to protect their American birthright by voting FOR SPERBECK against the "special interest's back-door" candidate.

Secretary Approves Amendment To Walnut Agreement

SAN FRANCISCO — The Secretary of Agriculture has given final approval to an amendment to the Federal marketing agreement and order effective October 27 for walnuts grown in California, Oregon, and Washington, the Department of Agriculture annouced today.

The amendment, which fixes the salable percentage for mechantable walnuts and provides an optional change in size specifications for "Baby Grade" wtlnuts, was tentatively approved by the Secretary October 10. It was later approved by producers and handlers as required by the Agricultural Marketing Agreement Act. Among the groups favoring the amendment were four cooperative associations which produced and handled more than 80 percent of the total merchantable walnuts packed in the area during the 1941-42 crop year.

The amendment provides that 65 percent of the 1942-43 crop of merchantable walnuts may be sold as unshelled nuts. The remaining 35 percent must be shelled for the domestic market, exported, or otherwise diverted from the regular domestic trade for unshelled walnuts.

With a 1942-43 pack of more than 1 million (100-lb.) bags of merchantable walnuts, and a carry over of 50,000 bags, total supplies of unshelled walnuts will be at a record peak this season. Release of 650,000 bags of this year's production of unshelled walnuts, in addition to the carryover, will make 700,000 bags available for commercial channels, compared with 630,000 bags sold in the 1941-42 season.

The amendment also changes the maximum size specifications for "Boby Grade" walnuts from 74/64 inches to 75/64 inches in diameter, with such increase to be optional with the packers. The demand for Baby Grade walnuts has exceeded the supply and it is anticipated that the change will result in larger total sales.

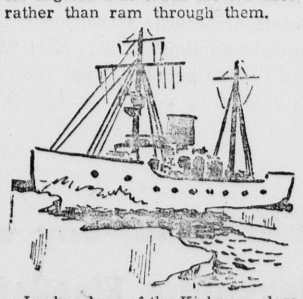
What You Buy With WAR BONDS

It is imperative that the ship lanes be kept free of ice. With American troops occupying Iceland and the Navy using the northern route for transportation of supplies to Russia, ice breakers are essential to Naval operations. The ice breaker is a specially constructed ship with heavily armored bows and powerful engines that crush the ice floes rather than ram through them.



Ice breakers of the Kickapoo class operating in the North Atlantic cost approximately $10,000,000. You can help our Navy build these ships by investing *at least ten percent* of your income in War Bonds every payday. There's no doubt about it—

CALIFORNIA WANTS—AS WELL AS NEEDS—NEW STATE LEADERSHIP

At the August Primaries voters of all parties demonstrated their overwhelming desire for a new Governor by voting more than 2 to 1 for Earl Warren

LET'S FINISH THE JOB AND MAKE SURE WARREN IS ELECTED GOVERNOR

LET'S HAVE EFFICIENT LEADERSHIP TO REPLACE CHEAP POLITICS

Lack of leadership by the Governor is stalling constructive action and holding back California's full participation in the war effort. Earl Warren can bring sorely needed leadership. He can rescue California from the grasp of a political machine bent on serving its members rather than the people.

LET'S ELECT A GOVERNOR WHO CAN BRING UNITY OUT OF THE DISCORD AT SACRAMENTO

Earl Warren says: "We will have a new birth of mutual confidence and trust in the State Capitol. The Governor, the Legislature and all other departments will work together to do a constructive job for our State and our Country. We will pull together, work together, fight together. We will get results."

LET'S ELECT A GOVERNOR WHO WILL COMMAND THE RESPECT OF STATE AND NATION

Today California's wasteful, extravagant, ineficient administration is a national disgrace. The man responsible cannot help California take its rightful place as a leading State. Earl Warren can. He is an executive who commands the respect of all—the man we need as Governor in the present emergency.

LET'S ELECT A GOVERNOR WITH A RECORD OF CONSTRUCTIVE ACHIEVEMENT

Warren's record is strong. He has proved his ability in public office by constructive deeds. He is the right man to save California from the incompetence and non-cooperation that have featured the present administration. Check over the records — then vote to elect a new Governor on November 3.

LET'S ELECT A GOVERNOR CAPABLE OF HANDLING CALIFORNIA'S WAR EFFORT AND THE SERIOUS POST-WAR PROBLEMS AHEAD

Today the State and Nation need the best guidance. The post-war period will be equally vital. We cannot afford to keep a Governor swayed by every political breeze. We must have a strong leader at the helm of State, and that leader is Earl Warren.

LET'S ELECT EARL WARREN — THE RIGHT MAN FOR THE GOVERNOR'S JOB

We now have the opportunity to end an era of reckless and unprecedented political manipulation in State Government and to replace it with a sound, upright administration. Earl Warren is a man of the people and for the people. Make the vital contructive change so greatly needed by voting for Earl Warren for Governor.

EARL WARREN
Non-Partisan Candidate for Governor of California

REMEMBER! Regardless of registration or party affiliation, any voter can cast his ballot for Earl Warren in the November Election
